

The novelties of Bargello Crochet are the pixelated effect of chevrons and the ability to create waves, peaks and valleys of varying heights and widths. Because the patterns are created using 'multiples of' you can create an afghan for baby or for a king size bed!

Bargello Crochet looks more complicated than it really is; using only basic stitches allowing the beginner to challenge their new skill or the more experienced to play with something new. Once you have the initial stitch pattern (the first row) made, the rest is easy-peasy!

Happy Hooking!

**The Crochet Case**

---

### **Other Sizes:**

These patterns are created using multiples of ch 10+6.

Ch10 +6 will make a single chevron.

(ch10 x 2) +6 will make 2 chevrons.

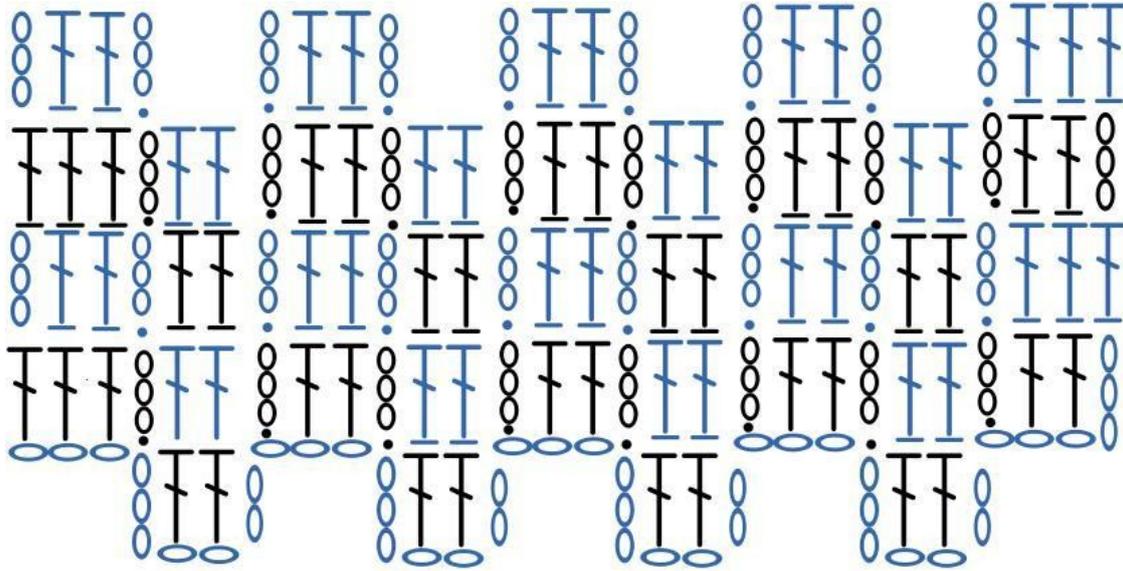

(ch10 x3) +6 will make 3 chevrons.

Etc, etc.

You may alter the width of your work by increasing or decreasing the number of chevrons you choose to include in your pattern.

To increase or decrease the length of your work, simply increase or decrease the number of rows you complete.
