

2 x [Red Heart Super Saver Stripes](#)

[6mm/J hook](#)

Yarn needle and scissors

Designed by Clare Sullivan

Video tutorial - <https://youtu.be/Oj6jld-MenE>

Magic circle

1. Ch4, dc into ring, ch1, dc into ring, turn
2. Ch4, (dc, ch1) into same stitch, skip the ch 1 (dc, ch1) into the dc, (dc, ch1, dc) into the 3rd ch of ch4 of the previous row, turn
3. Ch4, (dc, ch1) into same stitch, *skip the ch 1 (dc, ch1) into the dc*repeat from * to* across (dc, ch1, dc) into the 3rd ch of ch4 of the previous row, turn

Repeat last row until you have the size you want - mine was 33 rows in total

Edging

Staying on the same side, spin you work clockwise so that you are now working down one edge towards the point of the shawl

Ch 18 (if you want your tassels longer or shorter use more or less chains ☺) slip stitch into the space (at the end of the last row you crochet, see first image)

Ch 18,

If you want a full fringe slip stitch into the stitch where we worked our last stitch of each row when we made the shawl. See images below

If you want less of a fringe, skip that stitch and work into the next space

Repeat this all the way across

Full fringe like the photo - each space and stitch

Less of a fringe - just the spaces

When you get to the point of the shawl (the beginning of the shawl) work your fringe into the space and the tip of the shawl

Continue the fringe down the other side. Finish off and sew in your ends

Thank you for choosing my pattern

Happy crochet

Clare xx
