

## Lazy Cluster Hat and Scarf Set

Designed by Clare Sullivan

Video tutorial Hat – <http://youtu.be/teFZFoKXbxo>

US terminology

Easy – Intermediate – counting involved

- Yarn options - Red heart super saver and a 5.5 mm/I hook  
- Red Heart shimmer DK / 8ply and a 4.00 mm/G hook

Beginning chain 3 does **not** count as a stitch

**If you do not know how to make a hat to fit the size you need, head measurements at the end of the pattern**

### Special stitch - Cluster

Yarn over, into stitch, pull up a loop, yarn over, pull through 2, yarn over, into SAME stitch, pull up a loop, yarn over, pull through 2, yarn over, pull through 3

**Special stitch - (dc, cluster)** is a dc stitch AND a cluster into the same stitch

## Crown of hat

MR or ch 4 and join with a slip stitch

1. Ch 3, 11 dc into ring, join with a slip stitch to the top of the ch 3
2. Ch 3 (counts as our first stitch) cluster into same stitch as ch 3 \*(dc, cluster) into next stitch\* repeat from \* to \* around, slip stitch to the top of the ch 3
3. Ch 3, dc into same stitch \*(dc, cluster) into next stitch) cluster into the next stitch\* repeat from \* to \* around, you will end each round on a (dc, cluster) slip stitch to the top of the first dc
4. Ch 3, dc into same stitch, cluster into the next stitch (dc, cluster) into next stitch \*cluster into the next 2 stitches, (dc, cluster) into next stitch\* repeat from \* to \* around, slip stitch to the top of the first dc

### If at any point you have your crown increased enough go straight to the sides of the hat

5. Ch 3, dc into same stitch, cluster into the next 2 stitches (dc, cluster) into next stitch \*cluster into the next 3 stitches (dc, cluster) into next stitch \* repeat from \* to \* around, slip stitch to the top of the first dc
6. Ch 3, dc into same stitch, cluster into the next 3 stitches (dc, cluster) into next stitch \*cluster into the next 4 stitches (dc, cluster) into next stitch \* repeat from \* to \* around, slip stitch to the top of the first dc

### You probably won't need any more increase stitches, but if you do I will write out 2 more rounds

7. Ch 3, dc into same stitch, cluster into the next 4 stitches (dc, cluster) into next stitch \*cluster into the next 5 stitches (dc, cluster) into next stitch \* repeat from \* to \* around, slip stitch to the top of the first dc
8. Ch 3, dc into same stitch, cluster into the next 5 stitches (dc, cluster) into next stitch \*cluster into the next 6 stitches (dc, cluster) into next stitch \* repeat from \* to \* around, slip stitch to the top of the first dc

## Sides of the hat

- Ch 3, dc into same stitch, cluster into each stitch around, slip stitch to the top of the first dc
- Repeat last round until you have the length of the hat – if you want to add a edging stop 1 row short of desired length

## Edging

- Ch 1, hdc into same stitch (you can use the sc if you prefer) hdc into each stitch around, join with a slip stitch into the first hdc
- Repeat last round
- Finish off and sew in ends

## Head Measurements

Mathematical formula to make your hat fit

Head circumference measurement divided by 3.14 = the measurement from 1 edge to the other. Keep increasing until you have that measurement

For example:

- 58cm divided by 3.14 = 18 cm (The answer is 18.4cm, you need to round down your answer to nearest whole number)
- Keep increasing the hat crown until it is 18cm
- The formula will also work for inches

Crochet stretches so keep this in mind when making hats. If you make a hat ½ inch smaller than given measurements it will stretch to fit

0-3 months

Hat height = 5.5 to 6"

Head Circumference 14"

**Make crown 4 ½ inch across**

3 to 6 months

Hat height= 6.5 - 7"

Head Circumference: 14" - 15"

**Make crown 4 ½ inch – 4 ¾ inch across**

6 to 12 months

Hat height = 7.5"

Head Circumference: 16" - 18"

**Make crown 5 inch – 5 ¾ inch across**

12 months - 3 years

Hat height = 8"

Head Circumference: 18" to 19"

**Make crown 5 ¾ inch – 6 inch across**

3 - 10 years

Hat height =8.5"

Head Circumference: 19" - 20 1/2"

**Make crown 5 ¾ inch – 6 ½ inch across**

Teenager

Hat height 9-10"

Head Circumference: 20 1/2" - 22"

**Make crown 6 ½ inch – 7 inch across**

Adult Woman

Hat height 9-10"

Head Circumference: 21.5" - 22.5"

**Make crown 6 ½ inch – 7 inch across**

Adult Man

Hat height 9-10"

Head Circumference: 23" - 24"

**Make crown 7 ¼ inch – 7 ½ inch across**

Lazy Cluster Scarf  
Designed by Clare Sullivan  
USA terminology  
Easy

Video tutorial – <http://youtu.be/MshxGgfpNes>

Special stitch - Cluster

Yarn over, into stitch, pull up a loop, yarn over, pull through 2, yarn over, into SAME stitch, pull up a loop, yarn over, pull through 2, yarn over, pull through 3

**Ch 3 counts as first stitch**

**Loosely** ch an even amount of ch's for the width you want your scarf – of you find your chains are too tight, (you will be able to tell after a few rows of the pattern) start the ch's again with a hook 1 size bigger

1. Cluster into the 4<sup>th</sup> ch from the hook and each ch across, dc into the last stitch, turn
2. Ch 2 (you can ch 3 if you prefer) cluster into each stitch across, dc into the last stitch (this will be the chains you skipped at the start of row 1) turn
3. Ch 2, (you can ch 3 if you prefer) cluster into each stitch across, dc into the top of the ch 2 of previous row, turn
4. Repeat last row for the length of your scarf

Sew in ends

Thank you for choosing my pattern

Happy crochet, Clare xx
