

## Crochet Soda Can/Coffee Cup Cozy Pattern

Designed by bobwilson123

Converted into written format by Kelly

### Materials needed:

8ply/sport weight/DK yarn or worsted weight yarn

For the 8ply a G (4.00mm) hook and for worsted a I (5.50mm) hook

Soda can for measurement

Optional: measure tape

### Dimensions:

For standard 12oz. can

4inx7.5in or 10cmx19cm

### Pattern:

This pattern can use 8ply/sport weight/DK yarn or worsted weight yarn

For the 8ply a G (4.00mm) hook and for worsted a I (5.50mm) hook has been used

The worsted weight will be in brackets – ( )

Chain 21(16) or enough to cover can from top to bottom

Row 1: SC into 2<sup>nd</sup> chain from hook and across all 20(15) stitches.

Row 2: Ch 1, turn, Sc tbl (through back loop only) on all 20(15) stitches. This will create a ribbed effect that will stretch. (Ch1 does not count as stitch.)

Repeat row 2 till cozy is 7.5in (19cm) long or until cozy wraps around can/cup with about 0.5in (1cm) to spare, this will cause cozy to stretch to make it tight around can.

Place RS (Right sides) together and slip stitch sides together evenly (You can whip stitch or sew ends together), by inserting hook into first stitch on front side to first stitch on back side, work even till stitching is complete.

Weave in ends and enjoy
